# MCEO Freedom Teachings™

## What is the MCEO Freedom Teachings?

The ancient MCEO (Melchizedek Cloister Emerald Order) perspectives teach of the **Inner Christos, or living God-spirit alive within all things, including the natural environment.** "Inner Christos" philosophies are built upon understanding of what is referred to as the "**Law of One**".

Inner Christos Law of One perspective respectfully acknowledges the inter-connection, interdependence and intrinsic value of all components of reality in recognition that the **Living Consciousness, "God-Spirit" or "Inner Christos"** is the **tangible substance** of consciousness and energy from and of which all things manifest are composed. MCEO teachings offer people an opportunity for advancing personal empowerment through genuine spiritual development regardless of their religious affiliation.

**The "Inner Christos" of the "Law of One" MCEO spiritual teachings belongs to everyone of every creed, not just those who choose to call themselves "Christians".**

The word "**Christos**" (from which the word "Christian" later emerged) was originally spelled "**Kristos**" in the most ancient texts, and referred to the **personal Divine Blueprint of Conscious Living God-Spirit energy** of which all things and beings manifest are made.

Subjects covered within the Freedom Teachings (amongst a whole body of information) are:

- **Indigos** – learn about the 3 types of Indigos – what is their purpose? Are you an Indigo? How can you find out? And how can you rediscover your sacred commission?
- **Merkaba** – the circulatory system of consciousness – Discover the merkaba dances called sacred salutation and Seurias
- **Chakras** – discover that you have 15 primary chakras.
- **Aura** – what are auras and how can we begin to realign them to their natural divine blueprint
- **15 Dimensional Anatomy and beyond** – you are collective of beings that birthed into manifestation as a collective simultaneously in different space/time coordinates – discover how to heal karmic miasmatic issues as energy with energy (so you don't have to walk through your karma).
- Where does your **Soul, Oversoul, Avatar, Rishi, and personal Ascended Master** level exist?

- How can you consciously expedite and integrate these expanded levels of consciousness to experience progressive states of **enlightenment**?
- **Kathara Bio-Spiritual Healing technologies™ and Bio-Regensis technologies**
- **Manifestation** – discover the mechanics of manifestation – by understanding HOW you constantly do manifest, learn to co-create thought creations into being that you personally choose to experience i.e. Take control of your manifestations by learning how you do it, and then applying your gift of free will choice to co-create your desired creations into being
- **12 human senses**: 5 known senses, manifesting, reading energy signatures, bi-location, shape shifting etc.
- The original 12 Angelic **Human tribes, sacred sites and the history** of all the sacred teachings- where is their unity within their diversity?
- **True Ascension mechanics** – ascension is not just a lofty concept. It is as much a science of understanding your multidimensional anatomy and the dynamics that occur through the process of ascension as much as it is an enlightened state of consciousness expansion.
